DIRECTOR'S MESSAGE

Greetings from Rosemary School of Excellence!

At Rosemary School of Excellence, the kindergarten educational program is designed for children of age 3 and above that make them experience the transition from home to school environment.

Environment plays a major role in developing their motor skills, social skills and prepares them for elementary school. Though, the thought of letting your child away from you for the first time can be unpleasant but the learning experience at one of the excellent kindergarten school can enrich the learning skills of your kid in many ways.

Kindergarten is the first stepping stone in your child's education. To make it best, choose the best Kindergarten School that has a loving and caring staff, safe premise and best teaching techniques that not only enlightens the little ones but make their learning experience an exciting journey.

Choosing the right kindergarten school plays an important role as the elements can highly differ from school to school.

We are delighted to share the highlights of our charming Kindergarteners. There were number of activities and competitions conducted in this quarter. At RMSE, we firmly believe in the overall development of a child & through various types of kids fun activities, kids learn important skills at an early stage, these skills eventually lead to a greater academic success in future.

CORRESPONDENT'S MESSAGE

At Rosemary School of Excellence, we firmly believe that each and every child is a genius at something and it is our responsibility to find and then encourage it. Every child is unique and their education should be also, keeping this in mind, at RMSE, the kindergarten program is designed based on learning experiences through fun activities.

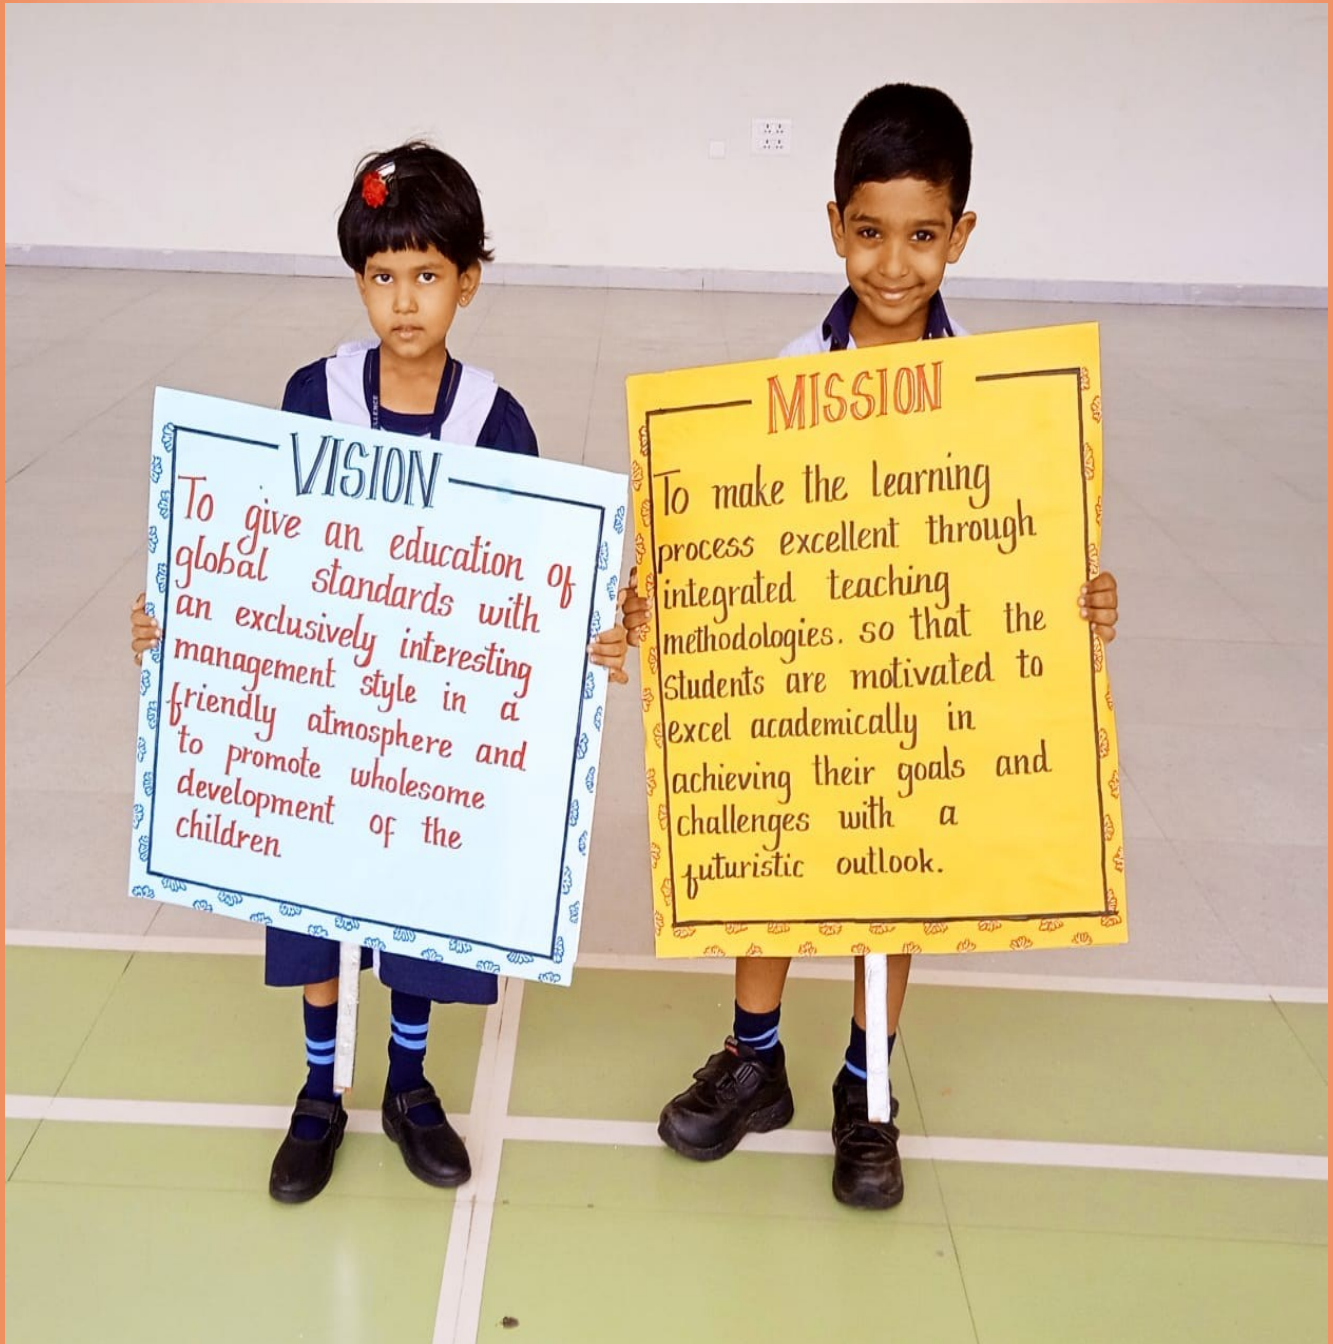

Kids are naturally curious about their surrounding and the education structure at kindergarten is focused on teachings that introduces them to new ideas. A structured early education and kindergarten programs help in overall development of a child.

Our KG programme is aligned with an effective curriculum that combines techniques of Play-Way and Montessori. We ensure an environment focused on language, movement and play for our kindergarten children.

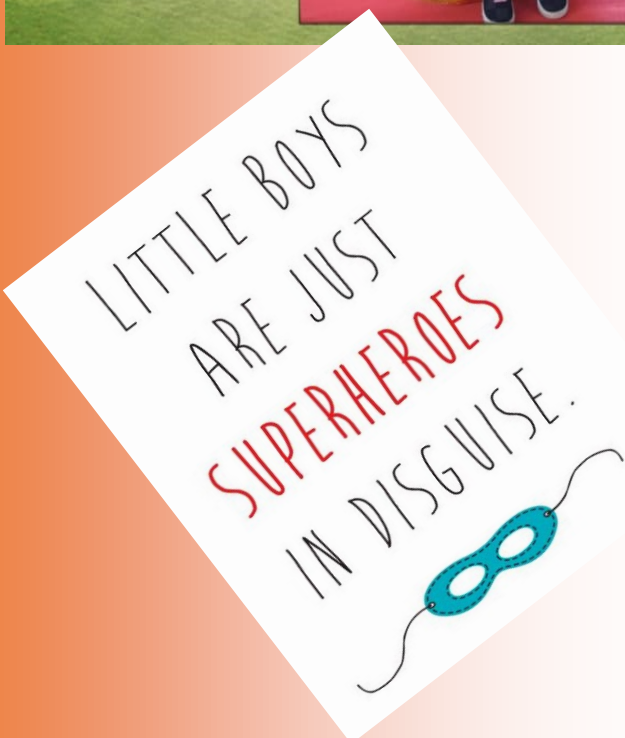

At RMSE, we deliver high quality educational programmes that can unlock and maximize learners potential, we ensure that students are active participants in the learning process and eventually help them in shaping their future.

RMSE Vision & Mission

Fashion Walk

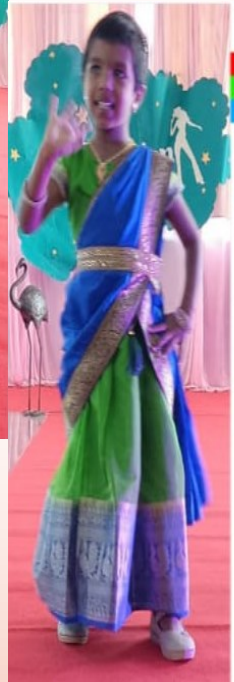

*"Every child is
gifted. They just
unwrap their
packages at
different times."*

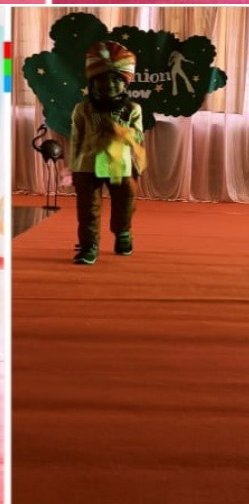

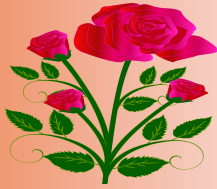

Our little Fashionista participated in the Fashion Walk with great enthusiasm. They walked the runway with utmost confidence & style!

"I am a style Icon" with this attitude, RMSE little charmers gave an astonishing performance at the Fashion Walk Competition.

Action Song

Music and movement is a part of every day learning.

Children's action songs increase language skills, vocabulary, and word understanding.

Our UKG kids gave a rocking performance during 'ACTION SONG' competition.

"Every child has a different learning style and pace. Each child is unique, not only capable of learning but also capable of succeeding."

Show & Tell Competition

SHOW N TELL

UKG

Show and tell helps foster public speaking skills and helps children feel comfortable with talking in front of a group of peers. When it is structured as a question-and-answer activity, show and tell encourages the children to use descriptive words and full sentences.

ASSEMBLY

Gathering together in large groups is a prime training ground for teaching kids discipline and social behavior.

At RMSE assembly begins in the Kindergarten years. Students learn to sit quietly, listen attentively, and participate appropriately when necessary. These skills are all valuable both inside and outside of the classroom.

confident in
spirit, infinite in
resources, and
eager to learn.
Everything is still
possible."

Shaping the right attitude and behavior in children from an early age can do wonders to their personality.

Celebrating colour days is great to accentuate the importance of each colour in the minds of the children and help them to learn different things associated with colours.

Children were engaged in day wise activities which included colouring, craftwork, storytelling, rhyme time and games.

YELLOW DAY ACTIVITY LKG

The "Yellow Day" celebration was a wonderful learning activity which helped children to sort and classify objects based on colours thereby reinforcing cognitive skills.

It was a scintillating day with innocent faces gleaming and reflecting brightness, joy, love and happiness.

Glimpses of Activities

Kids Safety day

Fun learning is an integral part of education. There are many fun ways to learn new things.

The fun learning provides different perspectives for solving problems and helps children think outside the box. It also teaches persistence, discipline, and goal-orientation skills.

SPACE TRAVEL DAY

Kids enjoying the space travel through fun activities

Lab Activity

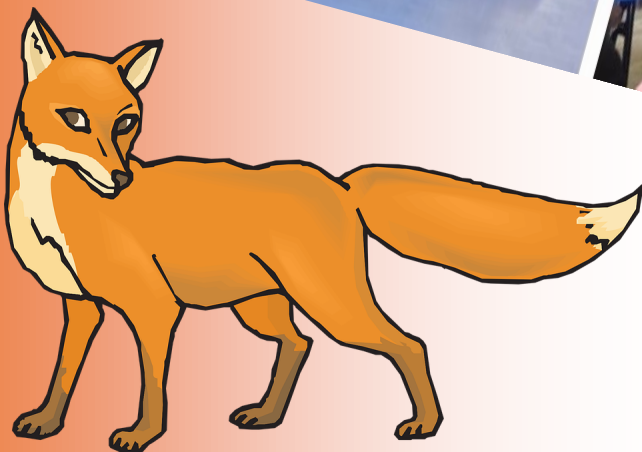

Learning through fun filled activity can improve children's abilities to plan, organize, get along with others, and regulate emotions. In addition, it helps with language, math and social skills, and even helps children cope with stress.

Story Time

Stories spark a child's imagination and stimulate curiosity, helps develop child's brain, ability to focus, concentration, social skills and communication skills. It also helps a child to learn the difference between 'real' and 'make-believe' .

At RMSE, kindergarteners enjoy the story session on a regular basis.

Play Time

Play can stimulate the imagination and encourage creativity.

It helps children learn how to respond appropriately to positive and negative emotions based on their experiences playing with other children.
